INDEPENDENCE DAY CELEBRATION – 15-08-2021

The **Independence Day of India**, which is celebrated religiously throughout the Country on the 15th of August every year, holds tremendous ground in the list of national days, since it reminds every Indian about the dawn of a new beginning, the beginning of an era of deliverance from the clutches of British colonialism of more than 200 years. The staff and students of Air Force School Jalahalli Celebrated Independence Day on 15-08-2021 Sunday with zeal and enthusiasm. The National Flag was raised by the Executive Director Deepika Khajuria, with the Tricolor being unfurled, the National Anthem was followed by a medley of slogans that was rendered by the School Team, in the true spirit of patriotic Indians. The Virtual event had a plethora of events ranging from patriotic songs, dance performances, speeches and not to forget the amazing program of the pre-primary, primary and secondary students. Principal Mrs. Kavitha Patro addressed the gathering and reminded the need to fulfil our responsibilities as true citizens. Students celebrated Independence Day through online mode displaying an array of cultural programmes instilling patriotism in their minds.

SCIENCE EXHIBITION

Science Exhibition was conducted in Air Force School Jalahalli through virtual platform on 04-10-2021 Monday at 12:30-3:00 PM. It was conducted class wise. From VI-VIII students exhibited various topics. Mrs. Kaveri, Mrs. Sophia and Mrs. Tabassum were the judge. 21 students from various classes participated in the exhibition. The exhibition opened our eyes towards the fact that technology is making it a better place for us. They also made aware of how sometimes the evolving technology can help those who worked really hard to earn their pay. The technology and manpower should walk along each other. A lot of the students showcase their science projects. Some of the students make a model of DC motor, solar system, Mixing different solid materials in water, Sedimentation, decantation and filtration, making hot glue from plastic, Working model of kidney, Floating magnet, How does a motor works, Rain water harvesting, Electricity and circuits, water dispenser, Do colours affect our memory? (Related to our body and eye retina behaviour while seeing certain colours), Acids, Bases and Salts, Sources of energy and agriculture, Water dispenser, Drip System of Irrigation, Nitrogen cycle, Global Warming, Detoxification of Copper Utensils etc.

The winners of VI ABC are:

- I Aadya Niranjana VI C
- II Shrishti Kumari VI B

SCHOOL LEVEL SCIENCE EXHIBITION- 30-09-2021

With a view to encourage and inculcate scientific temper amongst the students, Science Exhibition was organized on 30-09-2021 for class IX to X. A total of 11 students from class XABC and IXABC participated with great zeal and zest and showcased their working models which can be used for learning various scientific concepts. Students had made still models, working models, charts and posters to present their topics. The judges appreciated the students and asked students about the scientific concepts forming the foundation of the models. Students had prepared models like Newton laws of motion, Home-made projector using bulb, The downward and upward motion of a marble on a inclined plane, Ultrasonic sensor, Walking Robot, Generating Electricity by steam energy and were presented well. Students were encouraged to develop a scientific fervor and an attitude of research mindedness so that they develop the qualities of analytical and critical thinking. The judgment was made on the following criteria; Topic, Theme, Creativity, Overall Presentation and Questioning.

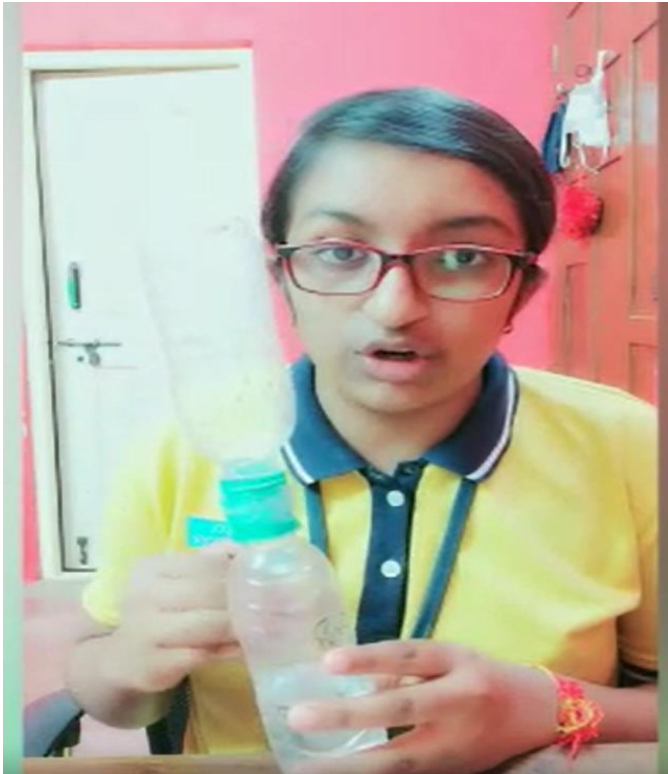

The Winners of X ABC are:

- I Nilesh, Pratham, Siddharth
- II Vrishali Shetty
- III Hemish Reddy, Yash Raj

The Winners of IX ABC are:

- I Abhigyan IX C
- II Ankeet Kumar

II Ankush Saha
III Sriniketh S

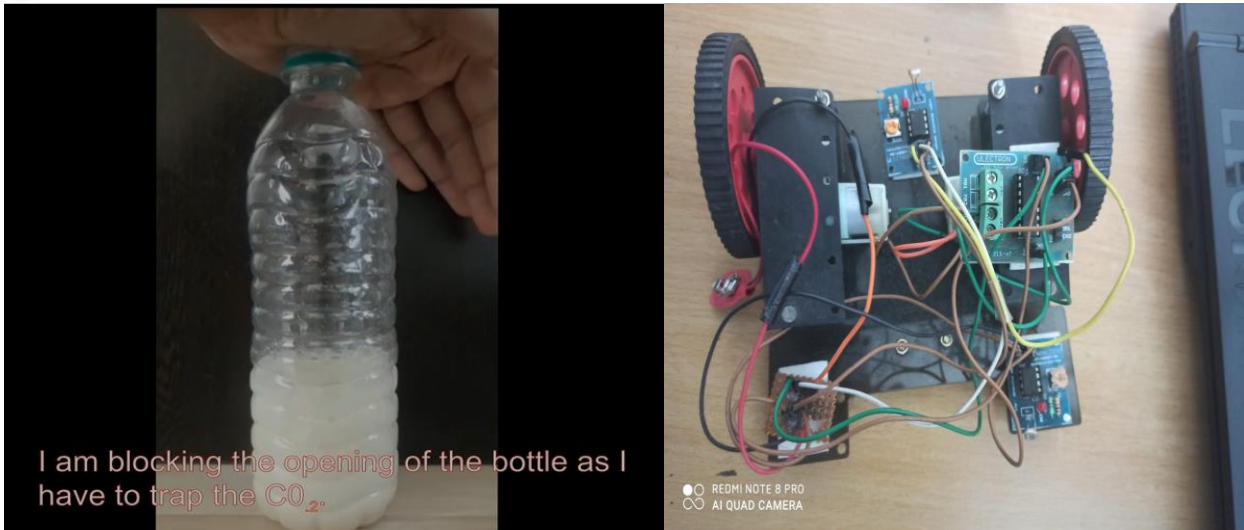

Steam-electric Power Generator

Electricity is generated via steam in high pressure.

- ⇒ The water is heated, turned into steam and spins a turbine which gives drive to electrical generator.
- ⇒ World-wide, 89% of electric power is produced by steam-electric power plants.

Scientific principals applied:—

- ⇒ Conversion of mechanical energy into electrical energy
- ⇒ Application of high-pressure in less area or point area.

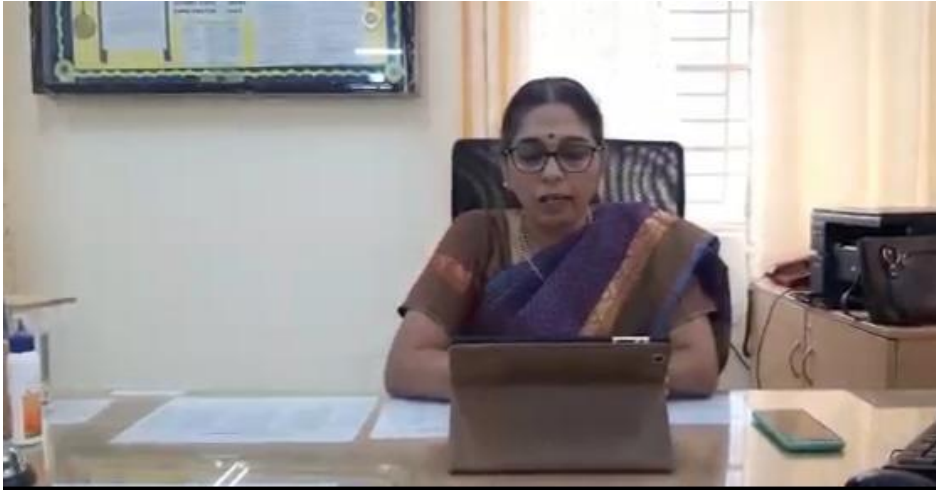

Children's Day -15:11:21

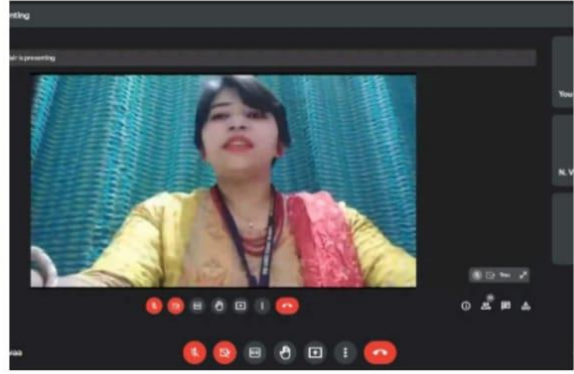

Children's Day is celebrated across India to increase awareness about the rights, education, and welfare of children. It is celebrated on 14 November every year on the birthday of the First Prime Minister of India, Pandit Jawaharlal Nehru. Known as 'Chacha Nehru' among children, Nehru advocated for children to have all-rounded education that would build a better society in the future. Nehru considered children as real strength of a nation and foundation of society. On this day, many educational and motivational programs for children are held across India.

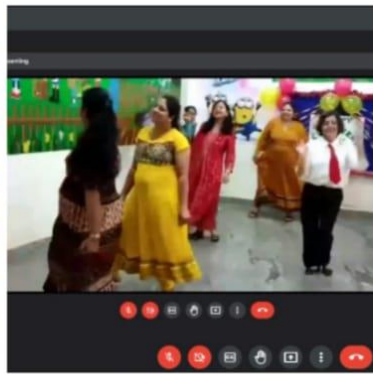

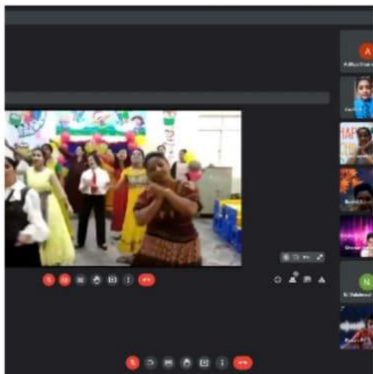

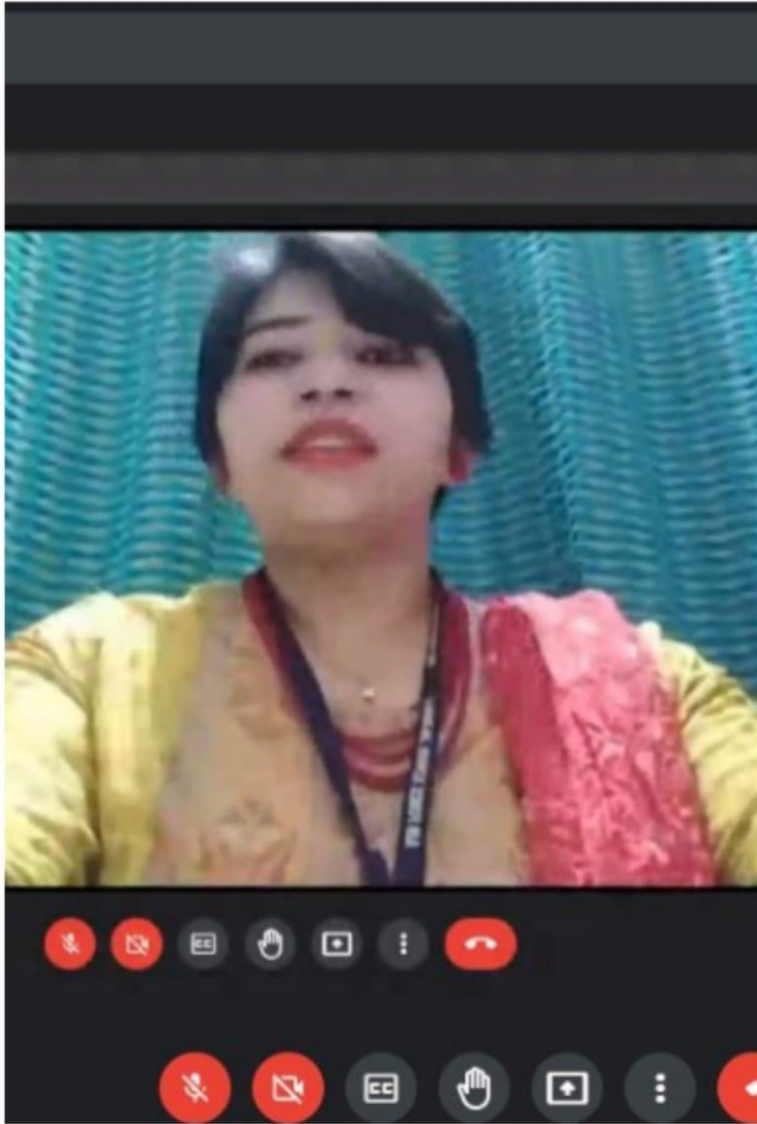

On 15 November 2021 (Monday) Air Force School Jalahalli celebrated Children's Day on online platform. The program started with a motivational talk by our beloved Principal Mrs. Revathy Gurumoorthy. The first program was an Assembly conducted by Primary teachers. A series of program were done by NTT, Primary and Secondary teachers like dance, songs, stills holding the letters of Happy Children's Day etc. Children from VI to XI viewed the program.

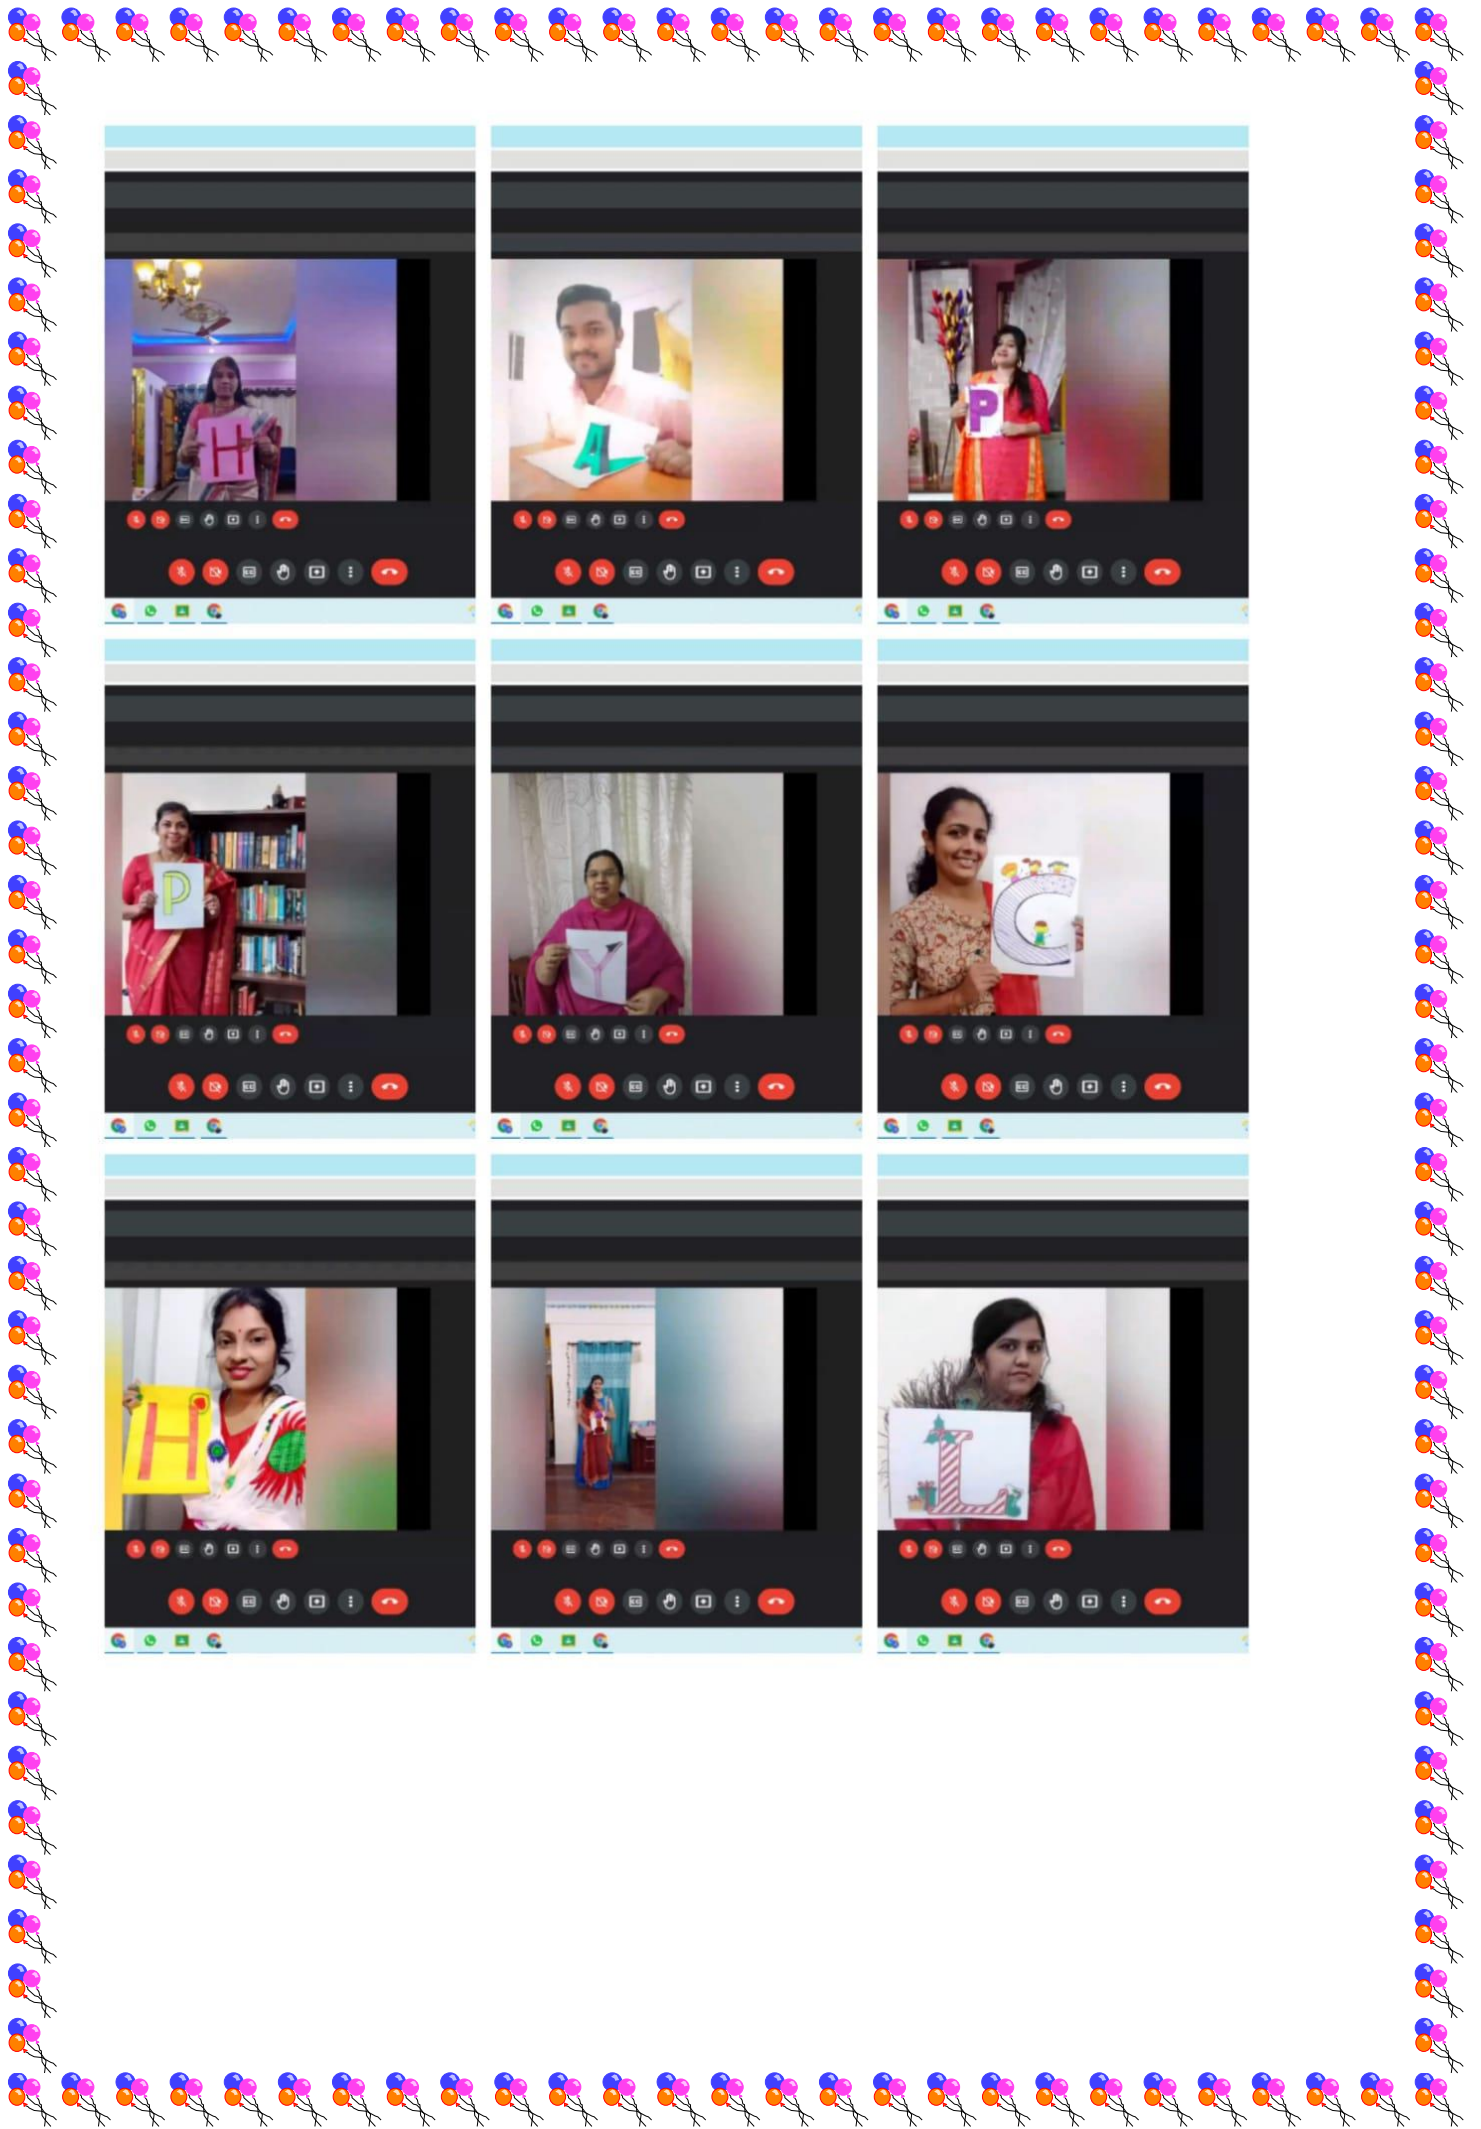

It was an interesting and encouraging program conducted by teachers as a gift for students on Children's Day.

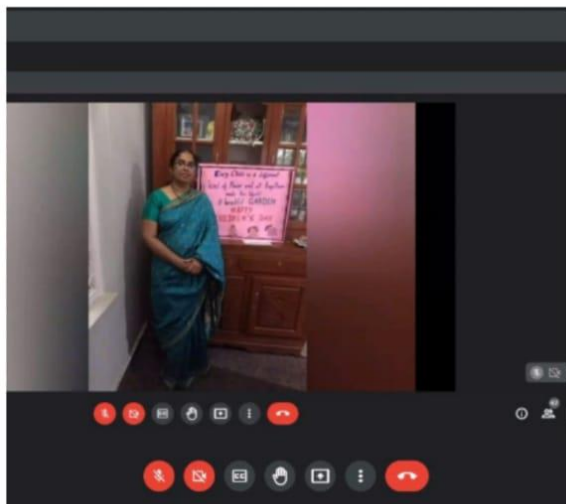

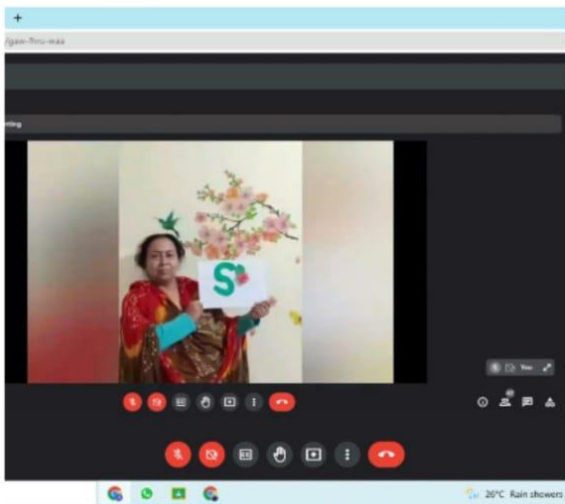

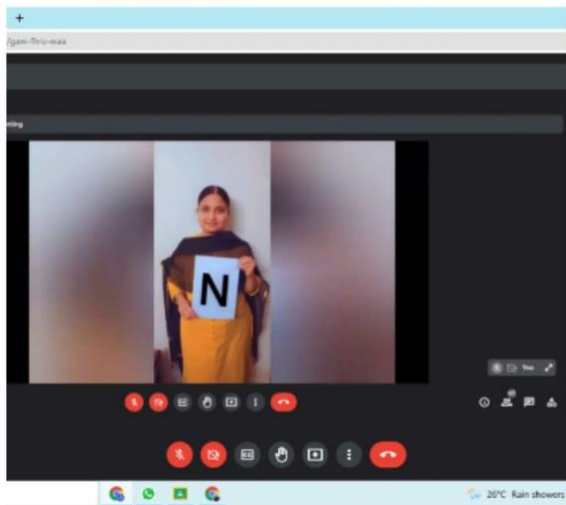

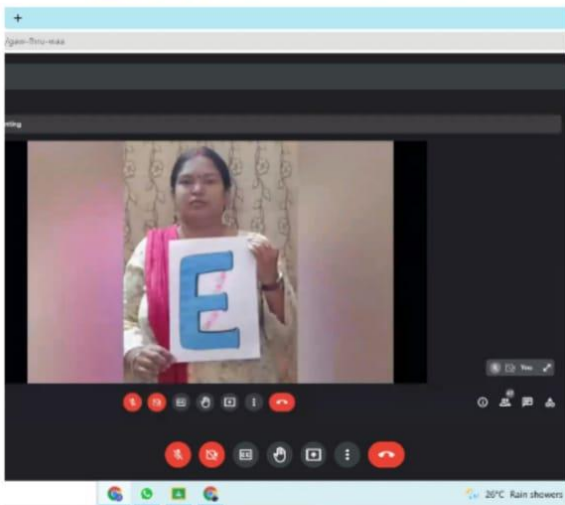

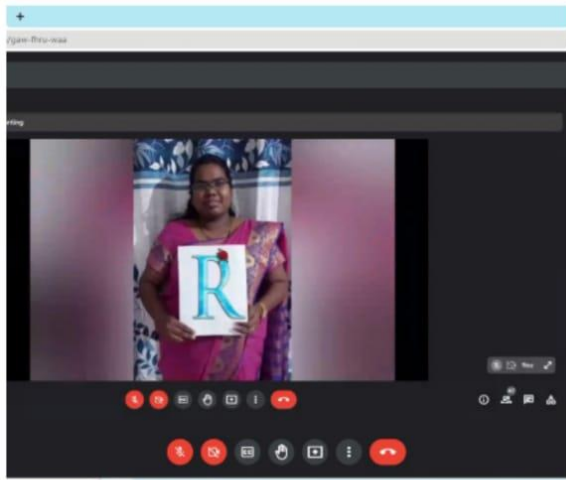

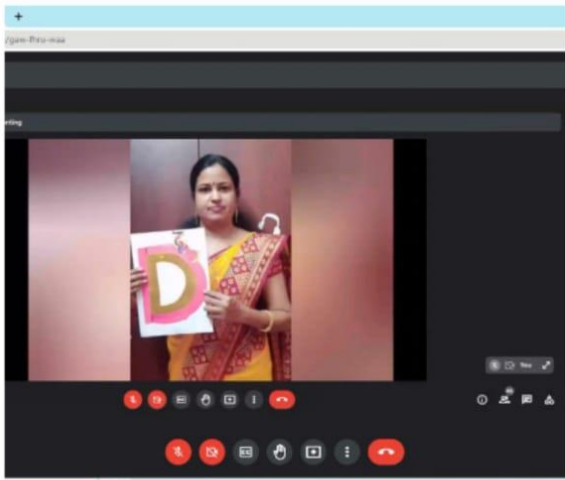

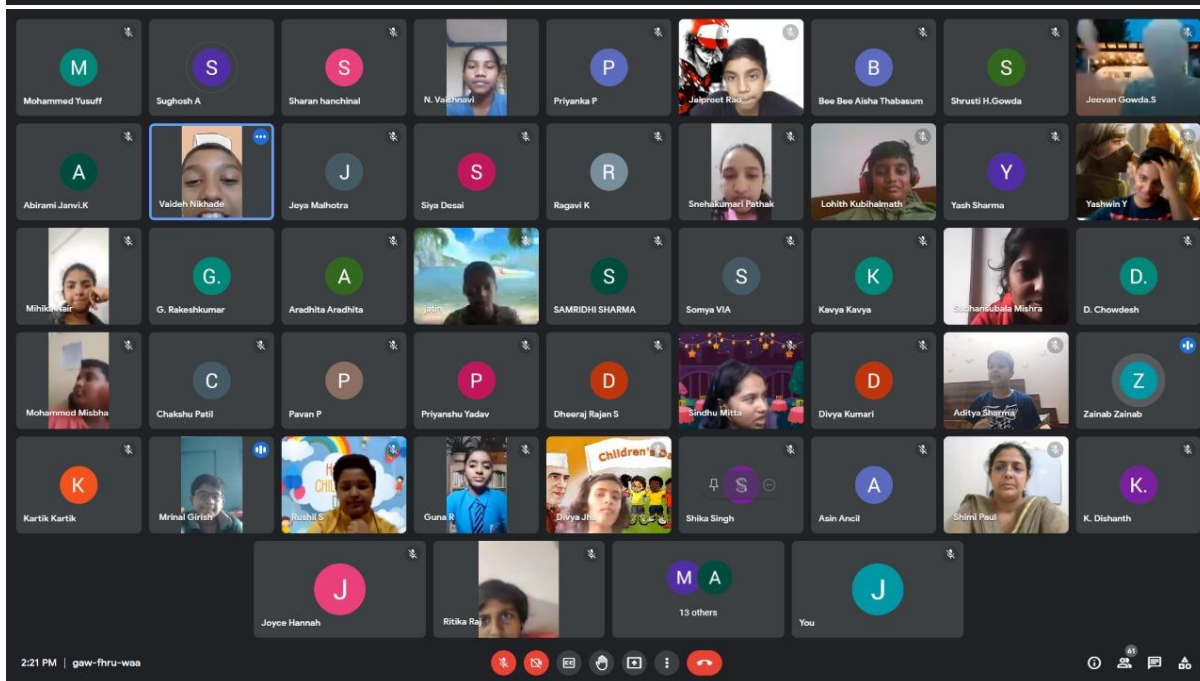

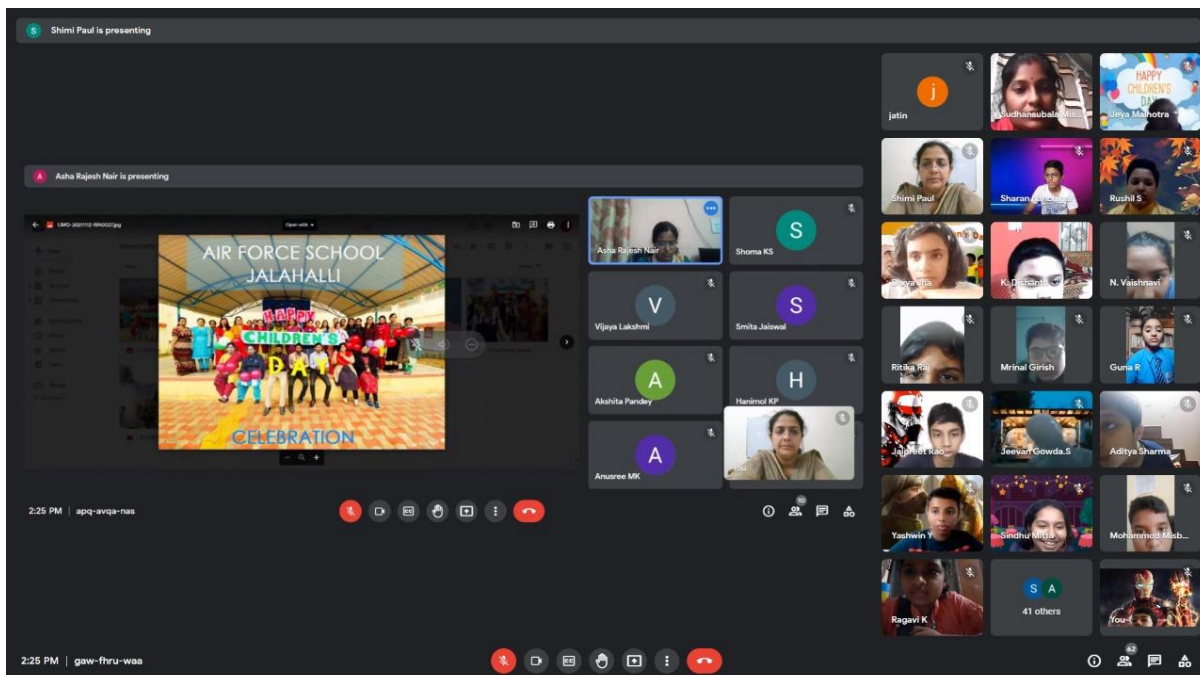

CHRISTMAS TREE MAKING COMPETITION (CLASS WISE)

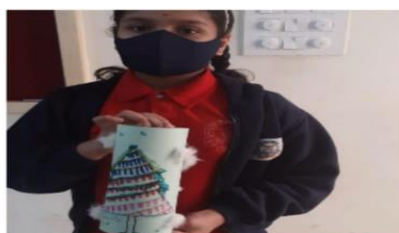

10th December 2021

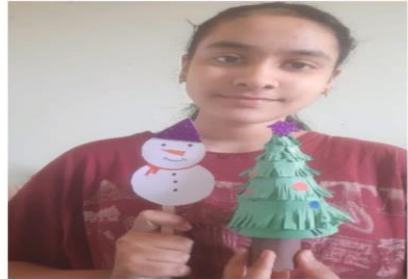

“COLORS ARE PART OF OUR CULTURE”

Christmas Tree Decoration is a fun activity that involves the kid in coloring and decorating. It helps to develop eye-hand coordination and fine motor skill and also develops creative skill, aesthetic skill and cognitive skill too. To bring out the creativity in our students, Air Force School, Jalahalli conducted CCA class wise activity on Christmas tree making competition for VI- IX Students which was held on 10th December 2022. The children enjoyed the fun filled activity...
